Department
of Health

Drugs, Poisons and Controlled Substances Act 1981 (No. 9719)

Permit No. 27209697

- (b) The purchase, obtaining, storage, recording and use of the poisons or controlled substances named in the permit must be carried out in accordance with the requirements of the Drugs, Poisons and Controlled Substances Act 1981 and the Regulations made thereunder.
- (c) (i) The holder of this permit must comply with the current Poisons Control Plan which has been approved by the Department of Health.
- (ii) Any proposed changes to the Plan must be forwarded to the Department of Health for Approval forthwith.
- (iii) The following person has been delegated responsibility by the permit holder for overseeing compliance with the Plan:
- John Charles GOLDSMITH**
- (iv) When the above named person ceases employment with the permit holder or transfers to other responsibilities, the permit holder must immediately notify the Department of Health in writing of the change and nominate (on the appropriate form) another person to assume that responsibility.
- (d) The permit holder must maintain true and accurate records showing full details of all poisons or controlled substances covered by this permit that are obtained, used, or disposed of. These records must be retained for a period of three years and produced, in writing, on demand to an authorised officer of the Department of Health.
- (e) The permit holder must ensure that any loss, theft or misappropriation of any poison or controlled substance covered by this permit is reported forthwith to the police, and in writing to the Department of Health.
- (f) A person named in condition (c) must take all reasonable steps to ensure that-
- (i) the Listed Regulated Schedule 7 poisons are stored, held, or used on the premises to which this permit relates, except when required to be used offsite as part of the regular business activities of the permit holder; and
- (ii) the Listed Regulated Schedule 7 poisons are in a lockable storage facility with access restricted in accordance with the Poisons Control Plan; and
- (iii) the storage facility is kept locked at all times except when it is necessary to open it to carry out an essential operation in connection with the poisons stored therein.
